“The History of Now - How We Got To Where We Are” Charlie Freedman

Ross Condit calls this presentation a “History of Now”. I think of it as Don’t throw out the Baby with the Bathwater. As for a bio, lessee...I was born in Modesto in 1951, always spent summers at my grandfolks in Watsonville, and moved outright to Watsonville in 1964. Graduated Watsonville High 1969. Cabrillo College 1969-71, U.S. Navy active duty 1971-77, graduated U.C. Santa Cruz with honors 1979. Worked at various jobs over years with a focus on customer service and relations. Earned a teaching credential in 1986, and still do substitute teaching. Active in radio broadcasting since 1969 (KOMY in Watsonville. From 1981-99 I did a weekly show at KUSP-FM called Uptown & Lowdown which featured music from my extensive (over 10,000 discs) collection of 78 rpm records. In 2007 I was approached by KSCO to do their afternoon drive time show, Happy Hour, and that’s my current gig. I married my second wife, Celeste, just last August. Best move I’ve made... Please Welcome our Guest, Charlie Freedman

Ground breaking research is being conducted at the University of Washington aimed at finding a cure to restoring the damaged receptive cells in the inner ear. This research is being supported by a Rotary club in the state of Washington. Marshall Shoquist is assisting them in raising funds from Northern California Rotary Clubs to support this project. "We are getting close to restoring the hearing of millions of people".

LAST WEEKS MEETING

The last meeting in April got off to a great start with some beautiful piano music from our own **Don Munro**. The buffet was nicely presented and delicious to taste. Our club is fortunate to have consistently good food. We appreciate the

caterer.

Eric Easter provided the door prize. **Bob Rudolph** had the winning ticket and took home some assorted barbecue equipment and supplies, along with a nice bottle of wine. Thanks Eric and congratulations to Bob.

This weeks visitors included **Ari Sym-**

mons. Jerry Todd, and Jackie Paleologos (back for a second visit). **Janene Adema** led us in the welcome song; with enthusiasm and vigor.

The exempt member for May will be **Mike Allard**. Look out and hold on to your wallet. **Steve Spragens** presented the Delta School "Student of the Month". She is **Eliza Gaona** and she is already taking courses at Cabrillo. She is also the happy recipient of \$100. Also, our club shared in the annual "best hospital-ity room" at the District Conference, thus winning the coveted "Cupertino Cup". Way to go guys.

Merle Smith was the Detective and she launched into "Truth or Dare". She managed to dig up some pretty funny stuff on everyone she nailed, and all fines were \$5. Merle was a very good detective and she handled her victims gently.

Chairman, **Ross Condiit** introduced our guest speaker, former State Senator, **Bruce McPherson**. Bruce is part of a bipartisan committee that is trying to unsnarl the log jam of partisan bickering that prevents important issues from being legislated in a fair and timely manner. His presentation was discouraging because any legislative change creates unfore-

seen problems that are not readily apparent until the affect is felt after some period of time. Term Limiting is a good example. The public saw politicians repeatedly reelected, who appeared to do very little or were corrupt and impossible to unseat. The change in the law caused good elected officials to be turned out even though they were valuable public servants. Historical methodology was disrupted or eliminated. The state assembly was unable to pass a proper and fair budget due largely to party bickering and posturing. "California Forward" will attempt to address some of these issues. Our club enjoyed Bruce's program and we hope some good will come from this effort.

President Randy asked the club for a moment of silence for **Emily Molfino**; granddaughter of Dom and Gertie Saccullo. Emily has given a program to our club in the past. Emily is hospitalized in NYC, battling a very severe illness. We hope she makes a full recovery.

Board of Directors Meeting: May 6. The next meeting of the Board of Directors will be hosted by Eric Easter at the home of **John and Linda Burroughs (1034 Laurent Street, Santa Cruz)**. Directors and guests wishing to attend are requested to contact Eric at 425-7651 or email eric@easter-eng.com
